ki.mood

**At Kimood**, we have been designing and manufacturing **bags and accessories** for the communications market since 2010. Our ranges include items for **sports, travel and leisure**. All our collections are dedicated to corporate communications, incentives or events. For many years now, we have been prioritising the use of natural materials such as organic cotton and jute canvas.

Kimood is helping to build a **circular economy** through the preferential use of **recycled fibres such as cotton and polyester**. We pay particular attention to the **certification of products** with the most recognised labels such as OEKOTEX, GOTS (Global Organic Textile Standard), GRS (Global Recycled Standard) and OCS (Organic Content Standard). **We also offer a wide selection of EVE VEGAN certified products.**

At Kimood, we attach great importance to respecting the work of others. All our partner factories are BSCI and Sedex certified. At the same time, we regularly carry out audits to ensure that good working conditions are respected for factory workers. These audits are carried out by Kimood teams present on site.

We work to reduce our impact on the environment on a daily basis. In addition to **the use of eco-friendly materials** in our products, for several years, we have been redesigning our packaging by gradually eliminating individual packaging and using boxes made of 70% recycled box.

Ever in search of innovation and clean lines, most Kimood collections promote ethical and eco-friendly values. They reflect a commitment to sustainability and respect for people and the planet, with an irrepressible desire to continuously go a step further and adapt as closely as possible to developments in the market for competitive, high-quality products in step with the latest fashions.

### **K-Loop collection**

By using recycled polyester from plastic bottles and cotton off-cuts from clothing production by the KARIBAN BRANDS family, the K-loop collection is closing the loop of the circular economy in the strict sense of the word. What's more, a cutting-edge traceability technology (Aware™ tracer) allows end users to track all the steps in the production of their bag, from start to finish.

### **Recycled Cotton collection**

This ethical bag collection is developed from recycled cotton as part of a circular economy initiative. Much more ecofriendly than conventional cotton, recycled cotton helps combat textile waste.

### **Jacquard collection**

An original, on-trend patterned collection made from recycled materials. The jacquard weave gives each piece a unique look.

### **Handloom collection**

A collection of environmentally friendly, durable and entirely hand-made bags. They help to support the economy of families living in remote villages in Bangladesh, and the work of women, thus preventing these villages from being deserted.

### **Conscious collection**

Eclectic and varied, this collection of bags, luggage and accessories is eco-friendly and made from natural, carefully selected materials.

### **Recycled polyester**

A socially conscious bag collection in recycled polyester. In this process, reuse saves materials from incineration while reducing energy consumption and environmental impact.

### **Made in Europe**

KARIBAN BRANDS Made in Europe collection is crafted with top know-how, using local supply networks. It plays a role in the protection and expansion of the European textile industry.

### **Corporate**

The Corporate collection features elegant, functional and durable bags tailored to business use. Discover a wide selection of customisable and versatile trendy or classic models.

### **Denim collection**

Sustainable and casual collection made from recycled cotton and recycled polyester. The resulting pieces are soft and strong.

### **Kimood home**

A collection of beautiful storage and decoration baskets made from plant fibres and available in a variety of sizes to suit many spaces and styles. Designed, ergonomic and robust, they are perfect for: home, hotels, spas, shops...

### **X-mas collection**

Collection of bags with trendy and colourful Christmas motifs. Some of the bags, such as the bottle holders, are a great alternative to gift wrapping and an ideal way to communicate.

Shopper made from thread from recycled materials. Hand-woven using traditional looms from Bangladesh called "tant" looms. The traditional weaving gives the canvas a distinctive and unique handcrafted look. This bag is part of the "Handloom recycled project" collection that arose from a collaboration between the Kimood brand and the HandTouch company, a member of ECOTA, a fair trade organisation in Bangladesh. This item helps support the economy of families living in remote villages of Bangladesh, and the work of women in particular, thus helping to prevent these villages from being deserted.

There is a label inside the bag with details about the project and there is also a space for decoration to add logos and/or messages.

## KI0931 ANTI-THEFT POLYESTER BACKPACK.

100 % polyester. Of which 50% recycled polyester. Combo version workwear backpack/travel bag KI0889. The ideal travel companion, this bag has a combination TSA anti-theft zip fastening along the rear seam for added security. It also protects your belongings thanks to a side pocket with an anti-theft cable to attach your bag to a table or chair leg and an inner pocket with RFID protection that protects against the fraudulent scanning of your data on a chip card or your credit card. This comfortable bag has padded reinforcements on the back, padded adjustable straps and an adjustable chest strap for easy carrying, two tie straps under the bag to carry jumpers and jackets, two side pockets, one charging pocket on the side with a USB port pocket for connecting the device to be charged and a micro USB port (cable included) on the side of the bag for a powerbank connection. This clever bag boasts two zipped pockets on the straps and a detachable padded shoulder strap that turns it from a backpack into a travel bag. The bag's main compartment is separated from the back compartment by a zip fastening mesh to hold clothes. The back compartment can be used to store a laptop up to 15" and padded storage for a tablet up to 11", a mesh pocket as well as two removable zipped pouches for cables and accessories.
