

## Use of the Stedman® logo

The Stedman® logo is available in two flexible layouts for more creative freedom.

The different color combinations should be used in order to place the logo on the desired surface with best visibility:

- Red ellipsis with black letters for light backgrounds.
- Red ellipsis with white letters for dark backgrounds.
- Ellipsis and letters in white or black for 1-color prints.

Each logo is available as AI, EPS and JPG/PNG.
